

1

**First Mover**  
decides whether  
to send 10 to  
**Second Mover**

**First Mover**

2

If they send 0, the  
game ends.

If they send 10,  
the **Second  
Mover** receives 30

3

**Second Mover**  
decides how  
much to return  
to **First Mover**

**Second Mover**
